

ROADMAP TO PRESERVATION

(maybe the real treasure was the friends we made along the way...)

Context

RMIT UNIVERSITY ARCHIVES: small-medium sized collection of corporate records and cultural heritage material

RISK ALERT: lack of enterprise Digital Preservation Strategy and Roadmap

DIGITAL PRESERVATION STRATEGY: focussed on engaging with our community; Endorsed in 2023

NEXT STEPS: Roadmap development

Results

OPTIONS presented to Information Governance Board:

- Bronze: minimum viable product
- Gold: full-service 'nirvana' option

Silver: ENDORSED

- Three dedicated Digital Preservation Archives Staff
- Fit-for-purpose Archival Management System
- Sustainable, secure Storage
- Build on existing resources (FRED, Rosetta training, workflow development)
- Enhance advocacy efforts

Roadmap Resources

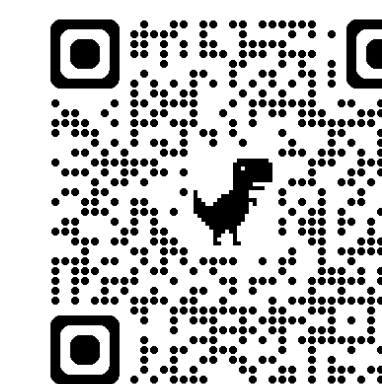

DPC - CONSULTANCY, DPC-RAM & DPC-CAT

- Determining current state; refining maturity and staffing capability aims & actions providing feedback before presentation for endorsement.

RMIT - RELATIONSHIPS

- Staff via 50+ interviews to gather data on gaps & needs
- Enterprise Risk - Risk Matrix development to communicate the dangers of inaction
- Information Technology Services - our new best friends!
- Data Research Infrastructure, Data & Analytics and Library - building advocacy
- Senior Faculty Leaders - our biggest champions

RMIT University Archives

Take-Aways

People and relationships are paramount.

While digital asset surveys and data are important, a sustainable program is strengthened by its people.

Engage with the Digital Preservation community.

Our community has been endlessly responsive and generous and we are keen to share our experiences and insights in return.

Some things are beyond your control.

A lot depends on timing, politics, budget, having the right people as champions, and a little bit of luck - perseverance is key!
